Southeast... building where youthful
 minds are molded to meet the growing
 needs of a modern world...
 a plateau of learning reached
 only by hard work and determination,
 both on the part of the students
 and of the faculty which
 serves them.

this treasury of people and friendships;
a year's biography of Southeast High
and the lives which gave it life:
Hoofbeats 1961*

Faculty

Principal

Since the school opened four years ago, a familiar figure in the Southeast halls has been Dr. Fred G. Addis who is known for his outgoing manner and his friendly smile.

Dr. Addis possesses many qualities that assist him in the ever-mounting problems and pressures of maintaining his office and the personal interest he takes in the students, their parents, and the faculty of Southeast.

He maintains a good sense of humor accompanied by his ever-present dignified manner.

Dr. Addis takes his position as top administrator seriously. To him his job is a responsibility that cannot be treated lightly. With this in mind, Dr. Addis works hard throughout the day, always busy but always with time to give a friendly smile and say hello.

Southeast is fortunate to have such a man as this as its principal.

Dr. Addis retains his friendly, helpful, and understanding nature in spite of the many problems of his position.

Varied interests of Dr. Addis, Mr. Bu

Administrators

The two other important men in the administration are Mr. O. J. Budd, vice-principal, and Mr. John Gasper, assistant principal.

Mr. Budd has been at Southeast since its beginning four years ago. He accepts his responsibilities as vice-principal in an exceedingly conscientious manner. Most of his obligations center around the problem of late enrollment, crowded classrooms, and last minute schedule changes. He is hard working and seems deeply earnest in everything he does. Although somewhat quiet and retiring, Mr. Budd is outstanding.

Mr. Gasper has only been at Southeast for two years but has already established himself as a well-qualified assistant principal. He is understanding and considerate, which aids him in his responsibilities. He frequently holds conferences to discuss problems of student discipline and attendance with both parents and students. His friendly personality makes him one of the favorites with the students.

Vice-principal Budd manages the many problems of student enrollment and schedule making.

Mr. Gasper, assistant principal, is kept busy with the problems of student discipline and attendance, and many school activities.

Mr. Bare, and
ion of the
e of the school.

Assisting seniors with applications for college admittance and plans for future careers, consumes much of the time of Mr. C. E. Bare, head counselor.

Counselors

The job of a counselor is primarily that of helping the students enroll in subjects which will best fulfill their needs and secondarily that of helping them with the problems that they face during their high school careers. The job of helping seniors with the problems involved in college entrance and jobs after graduation falls upon the shoulders of head counselor, Mr. C. E. Bare. Assisting the underclassmen are Miss Fanny Thompson and Mrs. June Turner.

Always willing to help students with personal or academic problems is Mrs. June Turner, the sophomore counselor this year.

Miss Fanny Thompson, junior counselor, coordinates student-parent-teacher relationships.

Faculty and Staff

Staff Consists of Youth and Experience

The arduous job of presenting the material to the students falls heavily on the shoulders of the faculty. It is only through their effort of today that the students will be better prepared for tomorrow.

The school's existing educational program is only as adequate as its least effective teacher. Southeast is fortunate to have a faculty of proficient teachers, comparatively young teachers with young ideas.

Academics

Honor Students

Intra-City Honor Society is an organization composed of juniors and seniors from the Wichita city high schools. For a student to be eligible, he must maintain a grade average of 3.7. The organization helps to promote better inter-school relations, contributes to the character of its members, and encourages scholastic achievements. The meetings provide intellectual enlightenment through feature speakers.

Karan Early, Barbara Blackburn, Bill Engber, and Don Widrig have kept up a 4.0 average after seven consecutive semesters.

Members of the Honor Society are, left to right, front row: Judy Barnes, Elizabeth Hill, Diane Hardy, Mary Mac McCormick, Barbara Baker. Second row: Linda Nomer, Sue Rennick, Mary Kline, Sallie Miller, Judy Gatton, Sharon Menasco, Sandy Mueller. Third row: Elaine O'Gara, Jan Kaufman, Audrey Page, Donna Hansen, Karen Early, Sue Arnold, Kay Weber, Mary Bracken, Sara McDonald. Fourth row: Rex Bare, Don Widrig, Bill Engber, Eric Jager, Mike Kobeck, Allen Scheurmann, Barbara Blackburn, Pam Ewing, Marilyn Cleghorn, Sheryl Alloway.

Shown measuring the wave length of a giant spring are two students in PSSC physics, a more advanced course.

Honors Classes

Southeast's honor program was initiated in answer to the demand for a homogeneous grouping of students that have proven themselves to be superior in academic work. The superior student finds in the honors program subject matter presented in a way which interests him and at a pace which leads him away from boring repetition. The acceleration of honors courses permits extra time for a more intensive study of subject matter.

The accelerated class is a limited version of the honors program. When schedules are being formed the student whose transcript shows superior achievement in a given area is placed in accelerated classes for that division only.

Audrey Page and Jerry Cluff, honor students in mathematics, demonstrate the complex relativity of tic-tac-toe.

Alan Roskam, sophomore honor student, hangs up the last geometrically shaped ornament on the math Christmas tree.

Library

Bob Feak and Albert Kirk use the card catalog to locate books and information.

The library is undoubtedly one of the most useful rooms at Southeast. Students working on research themes and other projects find that much of the desired information can be found in the encyclopedias, reference books, magazines, and newspaper clippings on file in the library's well-equipped classroom. A wide variety of approximately 10,000 books is also available for use. A capable staff, supervised by Mrs. Emma Seely, is on duty from eight to four to serve the students and teachers.

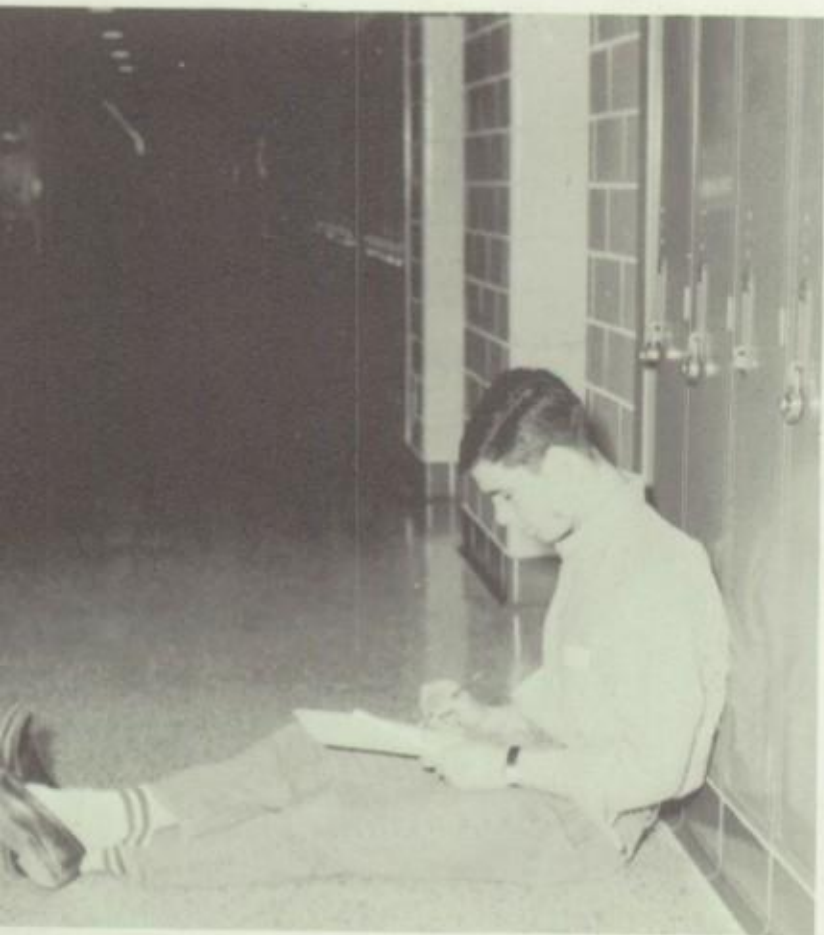

Checking out books to students like Gary Hughes is just one of the duties executed daily by Mrs. Carmen Ainsworth, Librarian.

Danny Scott and Larry Hertup take advantage of the wide variety and selection of current magazines and newspapers that are offered in the Southeast library.

Study

Glancing over tomorrow's assignment, cramming for the test next hour, catching up on one's sleep, or hearing the latest gossip are just a few of the many advantages offered by the study hall. Students are not limited to the study halls to escape from burning the midnight oil. They are allowed to study in extra classroom time, while on courtesy, or in the halls before school.

Making use of the extra time, Randy Butts sits down to study in the hall.

Limbering up his arm during study hall for the State Paper-Airplane Throwing Meet this year is John Youle.

French student Nancy Hendrich finds that her assignments take a lot of time but an admirer seems to find her more interesting than his studies.

Language Arts

The linguistically inclined at Southeast are presented with a complete curriculum of language courses and an able staff of 21 instructors. The department is headed by Mrs. Helen Christie.

Students enrolled in Speech, Drama, and Debate acquire poise in public speaking and good acting technique. The dramatist may gain practical experience by participating in one of the school plays.

Foreign language study is often necessary to meet college requirements. Spanish, French, Latin, and German are included in Southeast's foreign language program. Language students are aided in their pursuit by the new language lab.

Advanced English courses are available to seniors. These include English Composition, English Literature, College Reading, and Journalism.

Artist Max Loveland and model Margie Seltman demonstrate the art of applying theatrical make-up, part of the junior dramatics curriculum.

Miss Dorothy Reynolds, Spanish instructor, listens carefully to her students' pronunciations and fluency in the new language lab.

Emphasizing her point, Mrs. Myrne after-hours practice round.

Mrs. Helen Christie employs the controlled reader in an English class to help the students improve their reading.

ate coach, speaks in an

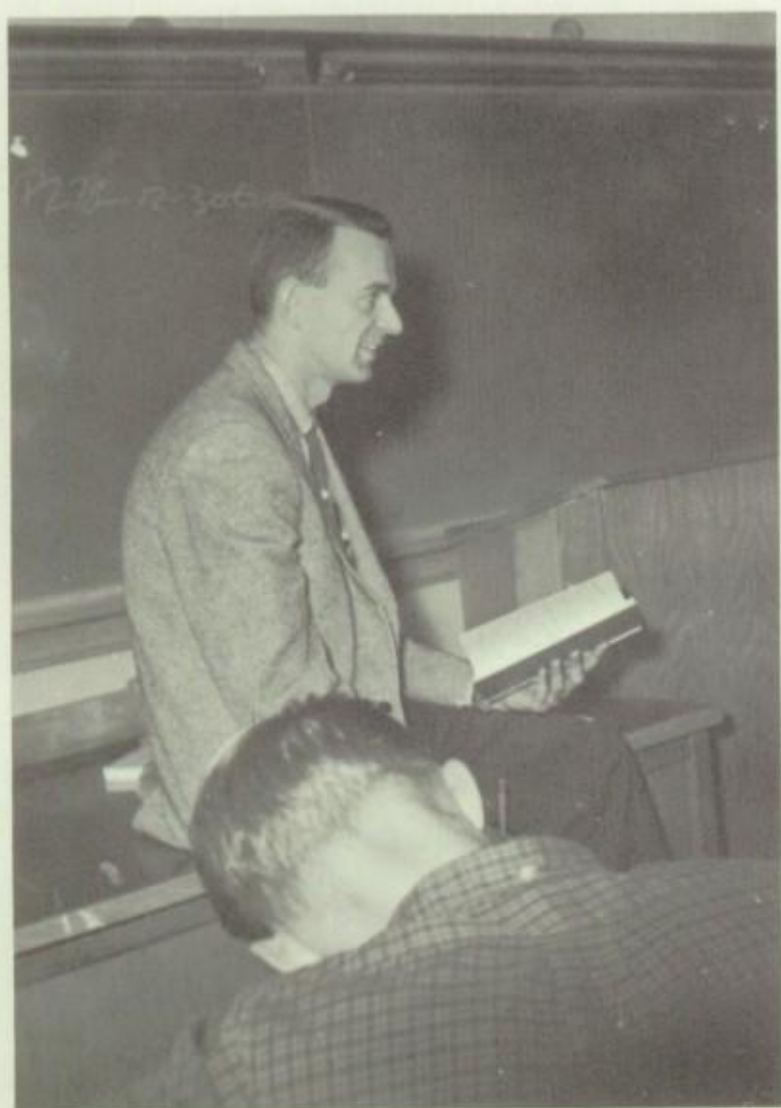

"Tres bien, Scott!" compliments Mrs. Helen Schweiter, as Scott Taylor successfully finishes an exercise in French at the board.

Concentrating hard, Barbara Smith completes a diagram of a sentence for her English Comp classmates.

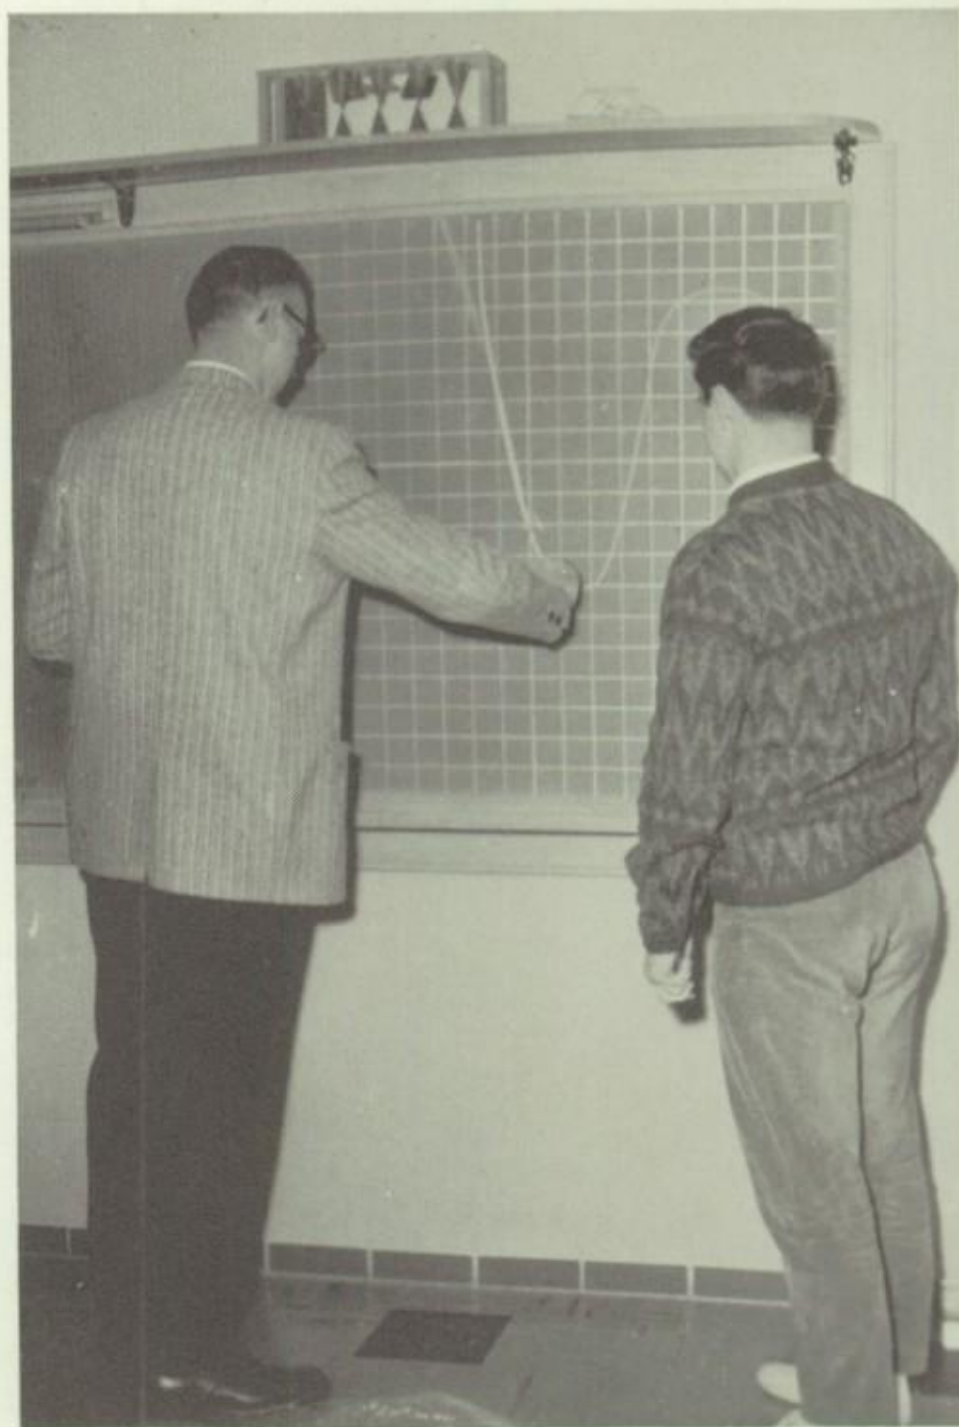

Mathematics

Nine teachers direct mathematically minded Southeast students, teaching a variety of courses. For the beginning mathematician the department offers Algebra I and II and Geometry I and II. Upperclassmen prepare themselves for college work and entrance into the business world with studies of College Algebra, Analytics, and Trigonometry. The department staff is headed by Miss Clara Peterson.

Mr. Edward Morton delivers a lecture to one of his Geometry classes on the proof of similar triangles.

Don Preston, advanced mathematics student, receives instruction from math teacher, Mr. Noland Wallace, on how to plot a curve.

To make the student understand, is the goal of Mr. Carroll Liehti as he answers a question.

Science

Everything from the dissection of a Japanese beetle bug to the investigation of constellations in outer-space can be learned by students in the science department. Eight instructors and several student teachers are available to guide students in a variety of seven courses. The department, headed by Mr. Clinton Kaufman, teaches the application of science to everyday living.

Gary Lawrence, Jim Matney, and Shirley Gardner give individual attention to plants in the greenhouse during Botany.

"Do you think it will cause nuclear fission?" asks John Watt as he watches Jim McClaren ignite his chemistry laboratory manual.

Martina, the physiology skeleton, gazes at Vicki Tilford as she helps her prepare her assignment.

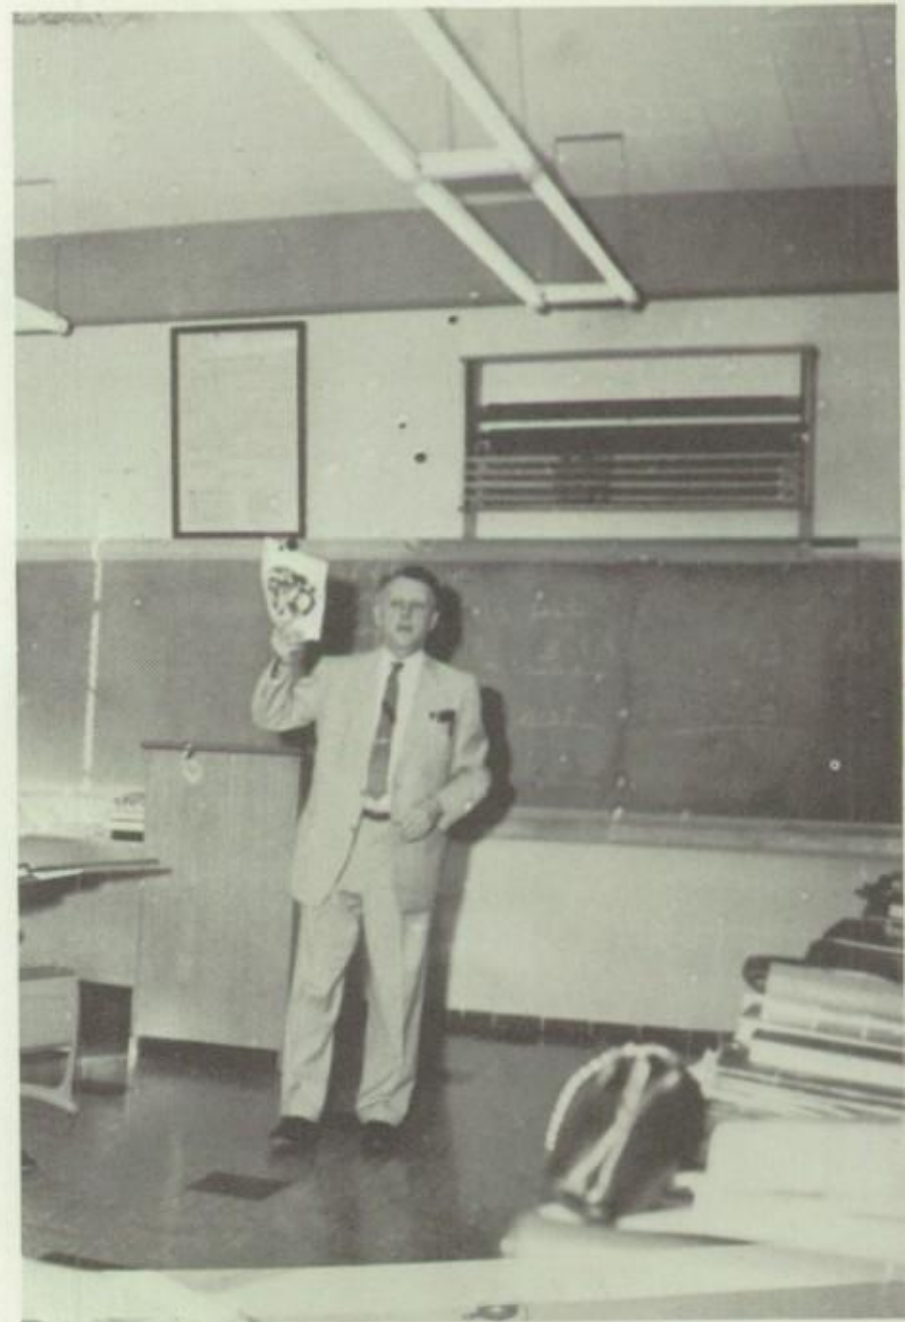

Social Studies

Ranging from Modern European History to Introduction to Teaching, many interesting and profitable social studies courses are offered here at Southeast. Since at least two years of social studies are required of graduates in the state, this department contains various semester courses to help round out each student's required program consisting of American History as a junior and Government in the senior year. The department employs nine teachers who teach a total of 11 different subjects.

Mr. James Mader points to a place on the map for Suzanne Brown and Gene Frank during a World History discussion.

Mr. Beryl Hamilton, winner of a freedom award, uses a picture diagram to explain the principles of sociology.

Mr. James Spradling prepares to show his large government class a film about equal voting rights for all citizens.

Two business students gain practical experience selling pencils, paper, and other supplies as they work in the school bookstore.

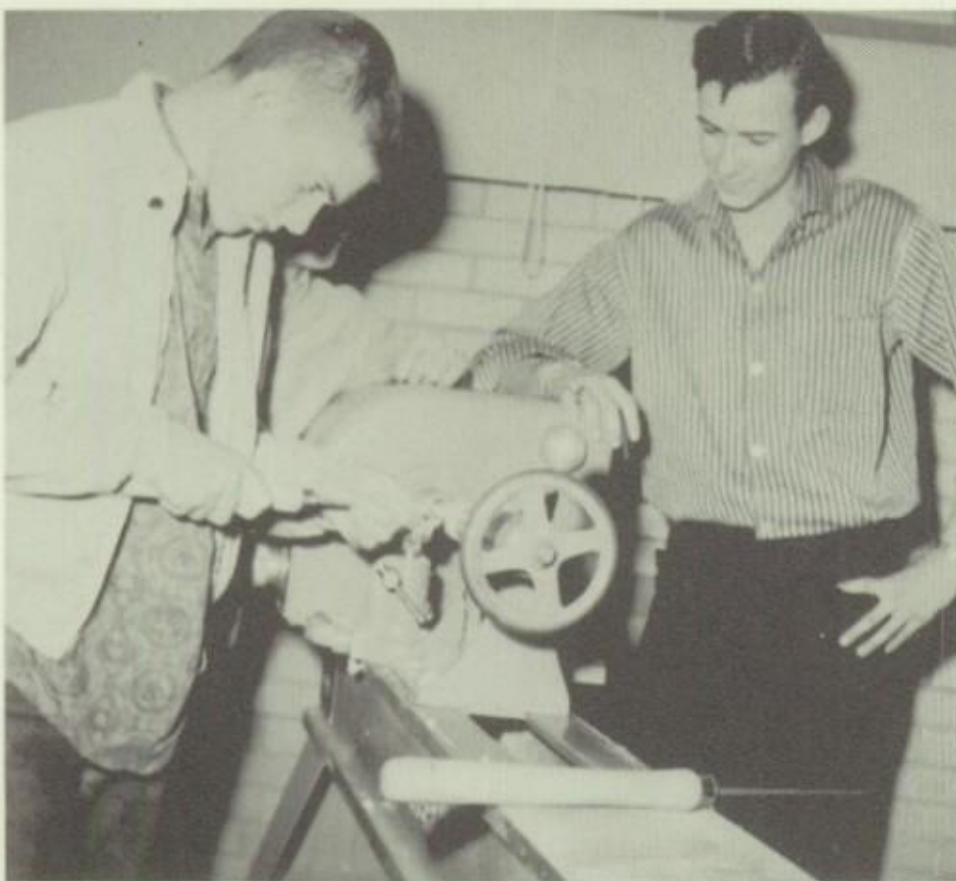

"Slower please!" says Margie Yancey, while busily taking dictation in Mr. Marion Morozzo's office.

Business

Business law, typing, shorthand, clerical procedure, accounting, salesmanship, and secretarial training are just seven of the twelve courses offered by the business department. This department trains future businessmen and secretaries for jobs after graduation from high school. Mr. Marion Morozzo heads the business department.

Typing to music is just one of the means employed by Mrs. Shirlene Silvertooth to teach her typing students the technique of typing more rapidly and evenly with ease.

These two boys are practicing the correct way to operate a plastic lathe, used in the industrial arts department.

Industrial Arts Homemaking

Industrial education prepares students for engineering courses in college or for well paying positions upon graduation from high school. Headed by Mr. Ralph Schaudé, the department offers ten different courses.

The homemaking department boasts a well-qualified staff to bring part of the home into the classroom to help students create better homes for the future. The department is headed by Miss Gene Pepperkorn.

Using the best equipment available, these clothing students learn all about dress construction, how to choose material, and practical design.

Making blueprints is only one of the interesting projects undertaken in mechanical drawing classes.

Madrigal singers rehearse in the auditorium for one of their performances. The group specializes in a cappella lyric singing and complex arrangements of music of modern composers.

Music, Art

Southeast's music department provides music entertainment for the student body, church organizations, and Wichita civic groups. With the guidance of two instructors, Mr. Howard Jacob, instrumental, and Mr. James Hershberger, vocal, students improve their techniques.

The art department deals with the faculty of creativity and develops in students a general awareness of color and shape. Included in the curriculum are courses in commercial design, drawing and painting, and art history.

Mike Starkweather assists Barbara Blackburn with her gold concert robe as Don Nelson waits with her collar.

To capture proper perspective and mood is the goal of this artist while he forms a statue.

Physical Education

The five instructors of the Boys' Physical Education department work with department head Mr. A. R. "Monk" Edwards to develop physical fitness and a sense of fair play in Southeast boys.

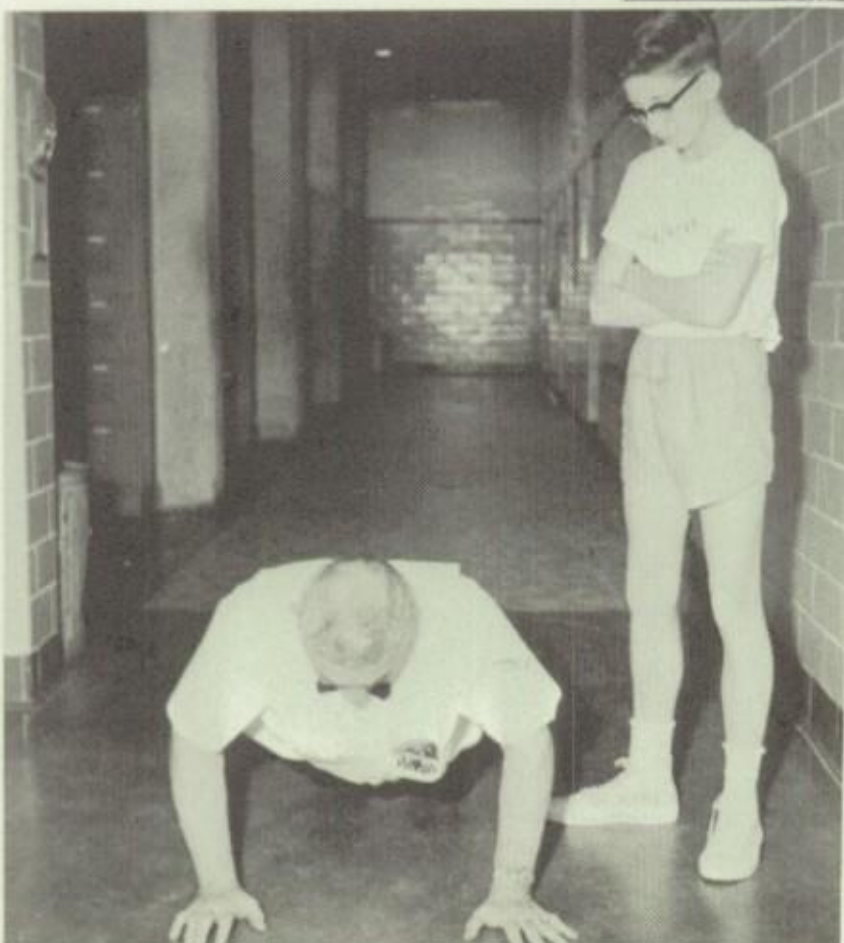

The curriculum of the Girls Physical Education department includes team and individual sports, swimming, health, and modern dance. Five instructors are on the staff.

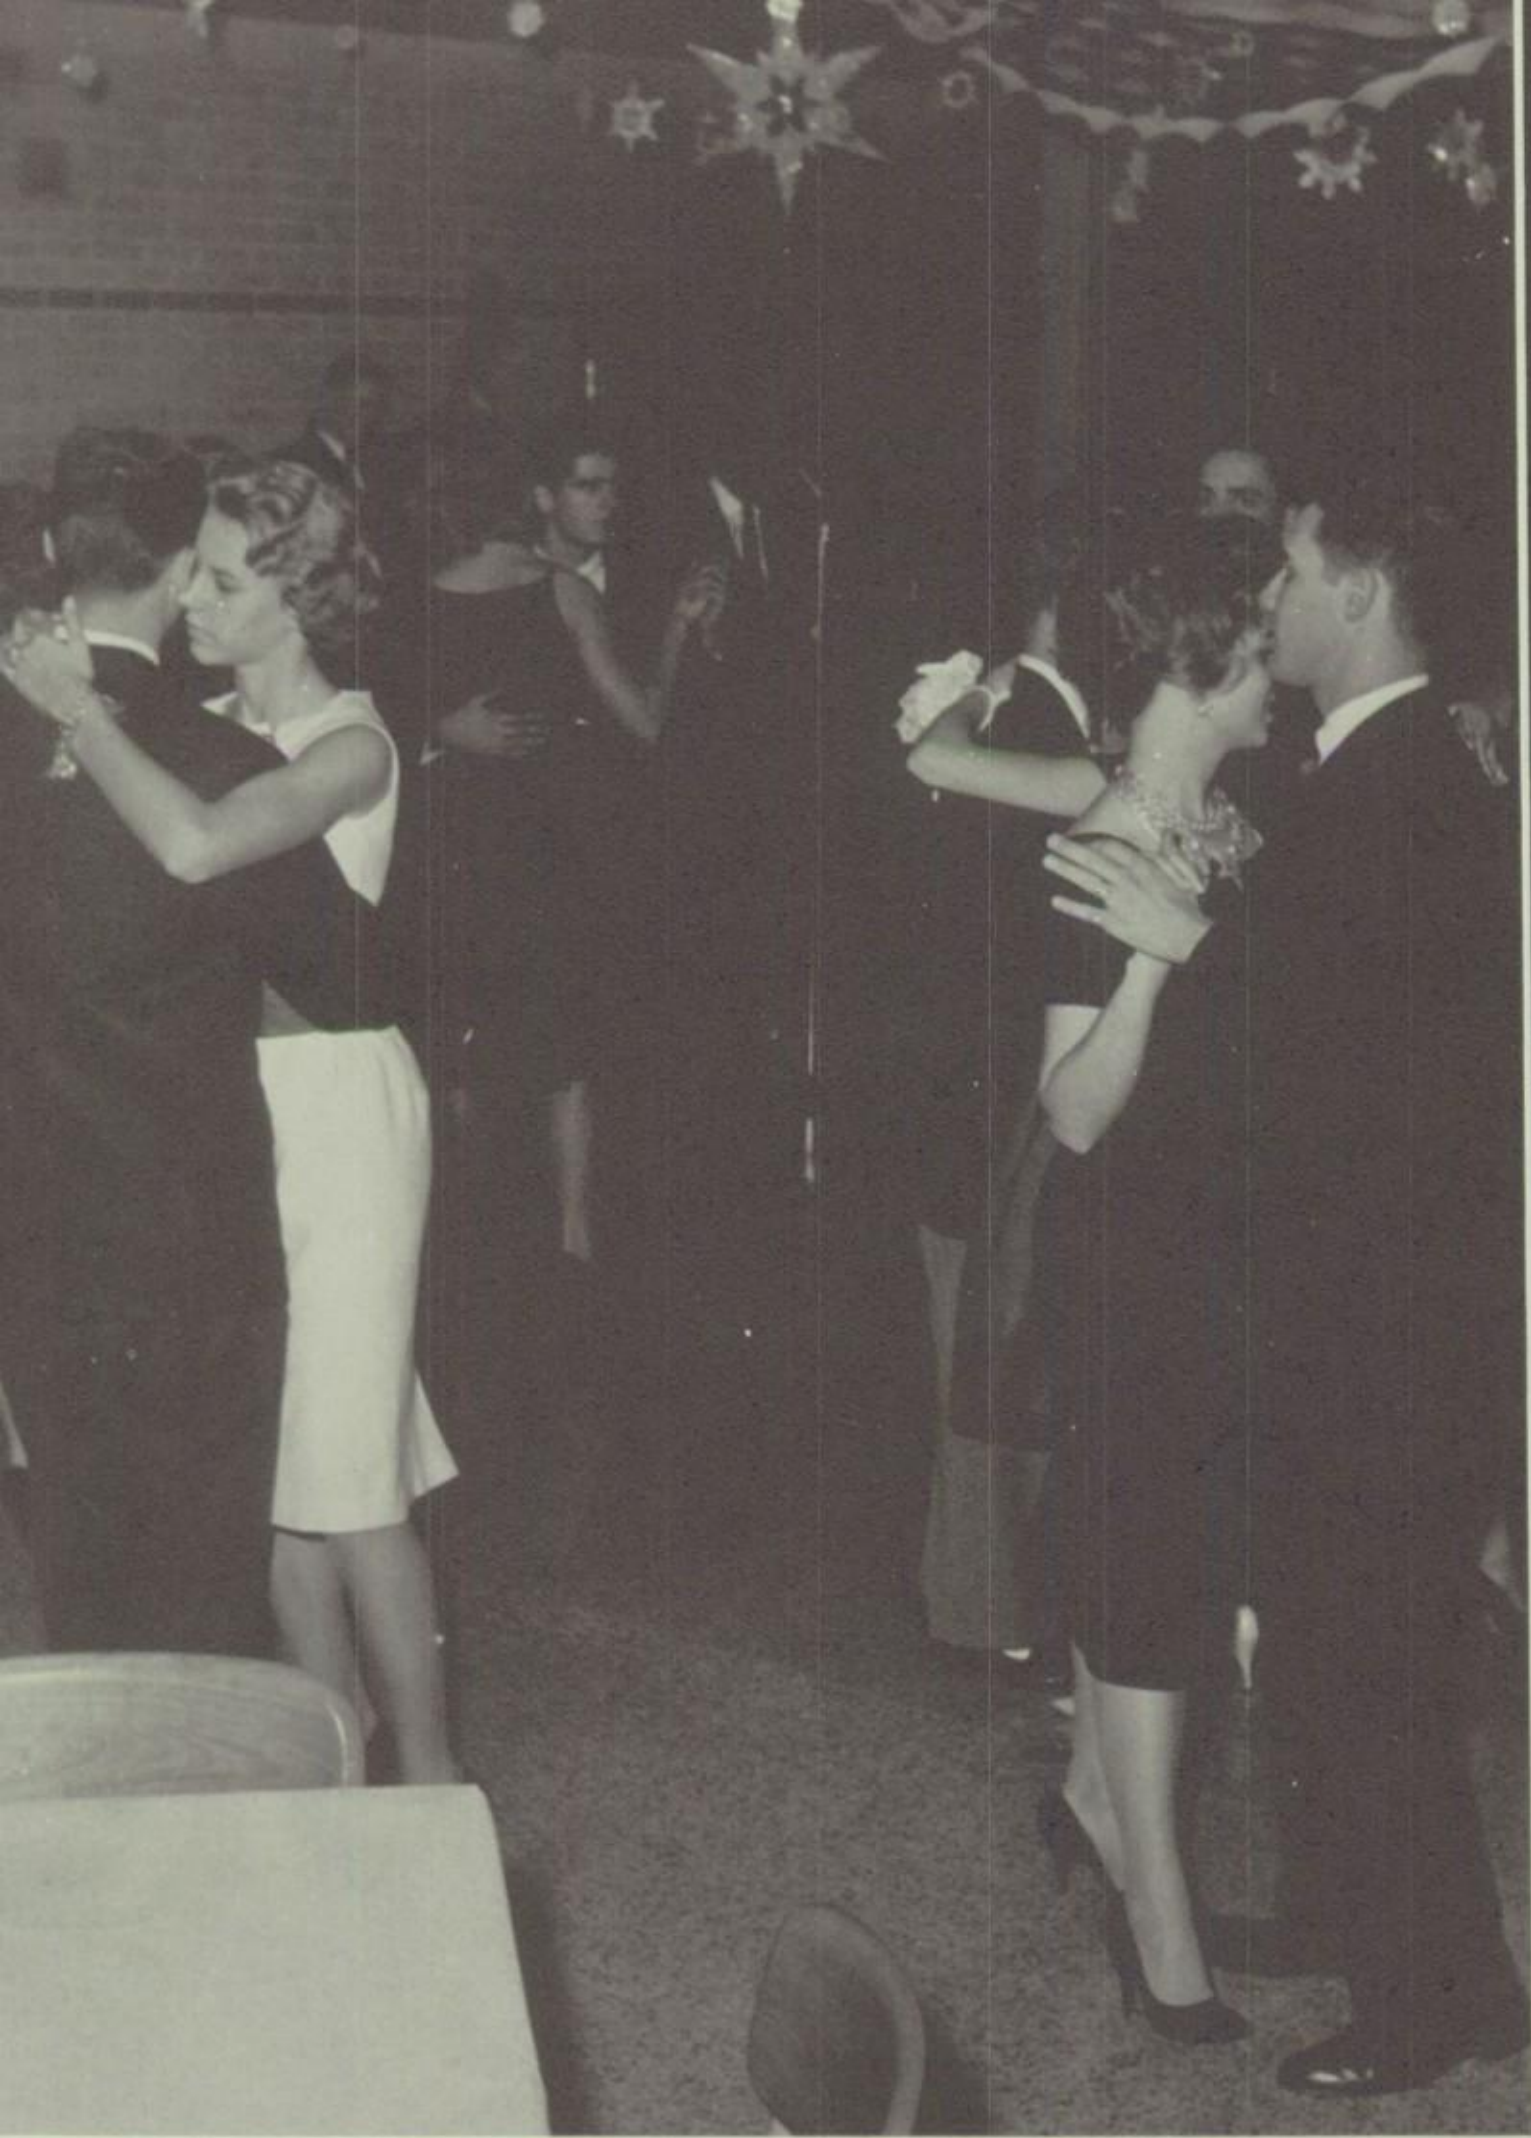

Carol McMahan and Marilyn Hill watch as Temple Stemm discloses championship bowling techniques.

Kneeling by the pool is Gwen Woodard as she watches Sherry Koelling swim.

"Up, down, up, down, speed it up, Monk!" commands Chuck Salmans during gym class.

Activities

Student

Student Commission is the student governing body. Members are elected by the student body on a basis of equal representation for each class. Commissioners maintain a level of understanding between faculty and students as they interpret school policy. The Student Manager and the Assistant Student Manager are elected by the entire student body. To fulfill

Mike Taylor as Student Manager brings an assembly to order.

Members of the Student Commission are, from left to right: John Woolf, Beyhan Cengiz, Mary Mac McCormick, Donna Polster, Dorothy Jean Watt, and Diane Hardy.

The election commissioners are appointed every year to regulate election of class officers and royalty. Their duties include supervision of nominating, voting, and ballot counting.

Homecoming Queen

The North game of the 1961 football season highlighted the crowning of the Homecoming Queen. The excited crowd of onlookers watched as the new queen, Donna Miller, was crowned. Donna and her attendants, Chris Wolf and Diane Hardy, were driven around the football field before the crowning took place as the band played "Let Me Call You Sweetheart". The throne was encompassed by the band and the Pep Club formed in a heart. Strains of "Sweetheart of Sigma Chi" were heard as Donna was crowned.

Anticipating the excitement of the coronation are members of the royal court and Queen Donna Miller.

Basketball Sweetheart

Diane Hardy became Basketball Sweetheart on Feb. 3, at a dance sponsored by the journalism classes. She was accompanied to her heart-shaped throne by her escort, Johnny Woolf. Her two attendants were Chris Wolf, escorted by Ronnie Thorne, and Pam Ewing, escorted by Woody Goodvin. Diane reigned over the Southeast - Kapaun basketball game on the following day.

Twirlers

The school spirit of Southeast High was very much aided by the work of Southeast's four talented twirlers. These girls performed during football and basketball games throughout the seasons. Senior Play

On Nov. 18 and 19, the first senior play, "The Silver Whistle" was presented to the public. The three-act play centered around a tramp who brought happiness to the people in an old folk's home. The delightful comedy, written by Robert E. McEnroe, was under the direction and supervision of Miss Ruth McCormick, drama instructor, and her assistants, Chris Ramsey and Charlene Phibbs. Fine acting and organization helped make the play a success.

Drunken, aged Mary Mac McCormick strains a deaf ear as grouchy Lynda White shouts a few blistering words at her.

Chuck Theis and George Priceman engage in an over-the-wall discussion.

All eyes focus on Cornelia, played by Temple Stemm, as she tells about the dreary future in store for her. Others are, left to right: Bob Benton, Chris Howse, Patty Thomas, Francine Robb, Albert Kirk, and Allen Vanik.

Junior Play

The junior dramatists at Southeast kept the string of comedies alive as they presented "Our Hearts Were Young and Gay", a humorous play in three acts. This was the first play presented by the juniors to the students, faculty, and people of Wichita. The play was about two young girls in the Roaring Twenties who went to Paris by themselves. To be sure, the trip was not without incident.

The play was presented twice, on March 8 and March 9.

Band

With Mr. Howard A. Jacob as its director, the band performed at student assemblies, most home football and basketball games, and at its public concerts. It also participated in the Christmas parade. The band demonstrated its ability as a marching band both at the parade and during the football season as it marched into various formations. One of these formations was in the form of a compact car horn, and spectators were surprised to see three compact cars enter the field and serenade the crowd with the honking of their horns. Helping the tradition of music concerts, the band presented such things as "Chimerical Euphony", a program containing many surprises and unusual selections.

Members of Band are, left to right, first row: Ruggles, Edgerton, Cluster, Spicer, Lewis, Graham, Foster, Eddy, Sand MacDonal, Bracken, Longren, Parks, Kidd. Second row: Wright, King, Murray, Gibson, Strauss, Youle, Peter, Mead Butler, Cleghorn, Thomas, Tallmadge, Elmore, Hall, Darli

Orchestra

Also directed by Mr. H. A. Jacob, the orchestra, like the band, performed for many functions. It participated in the Christmas pageant, playing background music for the modern dancers. It also went on "good will" tours to the various intermediate schools, playing for the future members of the Southeast orchestra. The orchestra also had its share of public concerts, one early in the year and another in March. Many of the students of orchestra were members of the Wichita Youth Symphony, an organization sponsored by the Wichita Symphony Society. The orchestra displayed fine musical talent and enthusiasm in its concerts throughout the year.

Mixed Chorus, the Boys' Barbershop Quartet, and Girls' Glee Club are three more performing vocal groups all under the direction of Mr. James Hershberger. Mixed Chorus is composed of students working their way toward positions in Choraleers next year. They performed in various concerts and assemblies including the all-school carol sing at Christmas time and the fall concert. The newest music group to be organized is the Boys' Barbershop Quartet. The quartet spends whatever free time the members have in rehearsing. They also appeared before the public a number of times. The Girls' Glee Club is composed of sophomore girls interested in improving their singing techniques.

Assemblies

Almost every Thursday morning during the school year the student body was treated to a program ranging from an inspiring religious talk in the Thanksgiving assembly to a hilarious exhibition of modern dance given in the sophomore assembly. Our own band and orchestra furnished the accompaniment to some of these programs as well as presenting assemblies of their own. The modern dance leaders also contributed to the programs as they presented the Christmas assembly. Each class also worked on and gave talent exhibitions, first the juniors, then the sophomores and last but certainly not the least was the senior assembly.

Roy Allen, as Cly Van Burn, displays his musical talents in sophomore assembly.

Loren Brown, Jerry Roles, and Gary Cox rock it up in the sophomore assembly while Craig Jacob, as Mr. Good, looks on.

Hoofbeats Staff

The 1961 Hoofbeats staff worked hard this year, attending work sessions both during staff study halls and outside of school. The staff, comprised of senior journalism students, met their first deadline in December and worked hard for the three following months. The members of the staff were selected by the editor, who applied for her position at the beginning of the school year. Good luck in the future. I hope that we will always be good friends. Let's go swimming together this summer. Best always Diane Hardy "Q1"

Mrs. Virginia Stone is captured by an alert year-book photographer as she glances up.

Southeast's newspaper, the Stampede, is published by the fourth and fifth hour journalism classes. The editors of the paper, Gary Stephens and Bob Cook, work closely with the paper's adviser, Mrs. Virginia Stone. Without her help, the paper would not get to press. There's an air of harmony between student and teacher as each does his share in putting out a paper of which the students of Southeast will be proud during the nine months of the school year. The Stampede brings to the student school news, and gives training to those seniors taking journalism.

Three journalism students busily begin typing for the Stampede and Hoofbeats.

Bob Cook, the fifth hour editor, takes time to laugh.

Giving out assignments is editor Gary Stephens.

Debate

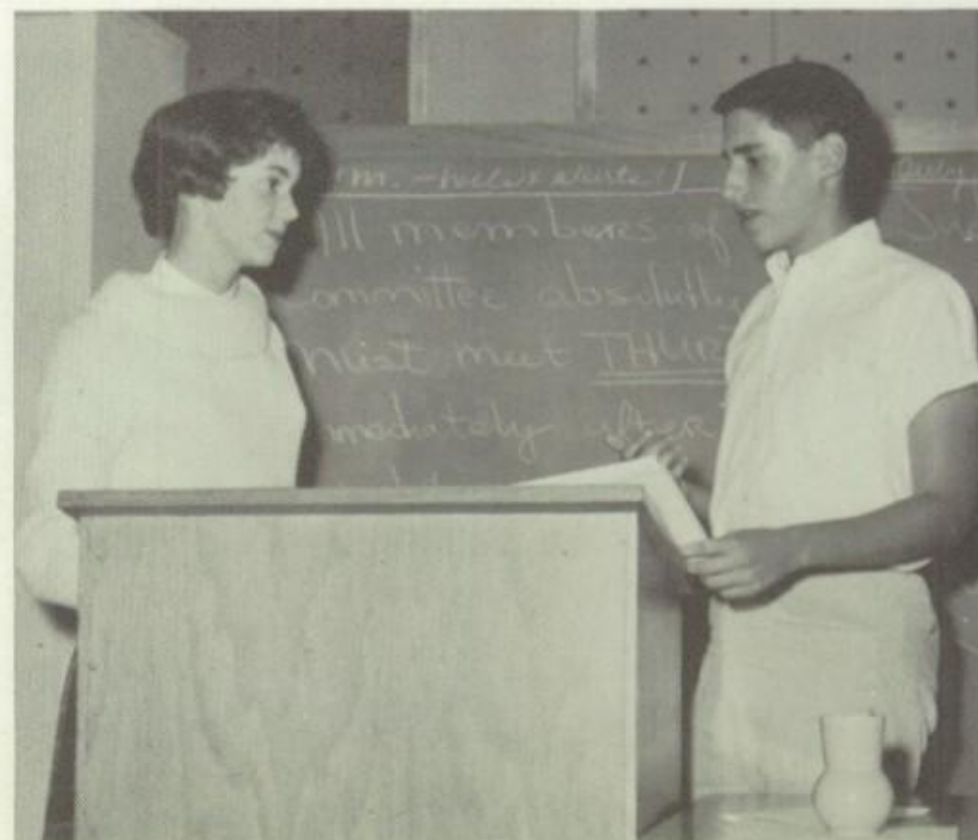

Southeast debaters took part in tournaments all over the state this year and added six trophies to their collection. The debate question was, "Resolved: That the United Nations should be significantly strengthened." Many long hours of research were put in by the twenty-eight members of the debate team which helped to make this the most successful season the team has ever had. Highlights of the season occurred as the team took second place in the state annual National Forensics League tournament and also as they captured second place at the district meet, narrowly missing first place by a few speaker points. This enabled Southeast to be one of the two teams representing the district at the state tournament held at Kansas State University. The debaters also sponsored a cross-examination tournament of their own on Nov. 11th and 12th. Mrs. Myrne Roe spent many long hours coaching the group.

Seated are Nancy Patterson and Pris Scheldt, standing are Mike Jennings, Judy Morgenstern, and Frank Bangs, all members of the District and then State Debate Team.

Golden Buffs Win 5, Lose 4

Many thrills and disappointments characterized the Golden Buffalo '60 football season. Opening the campaign with a 20-6 victory over Kapaun, Southeast proceeded to win its next three games, reaching its peak rating of third in the state. It was at this point that the tide turned against the Buffs. Traveling to Topeka for an encounter with the Trojans, Southeast suffered its initial setback in a heartbreaking 20-19 defeat.

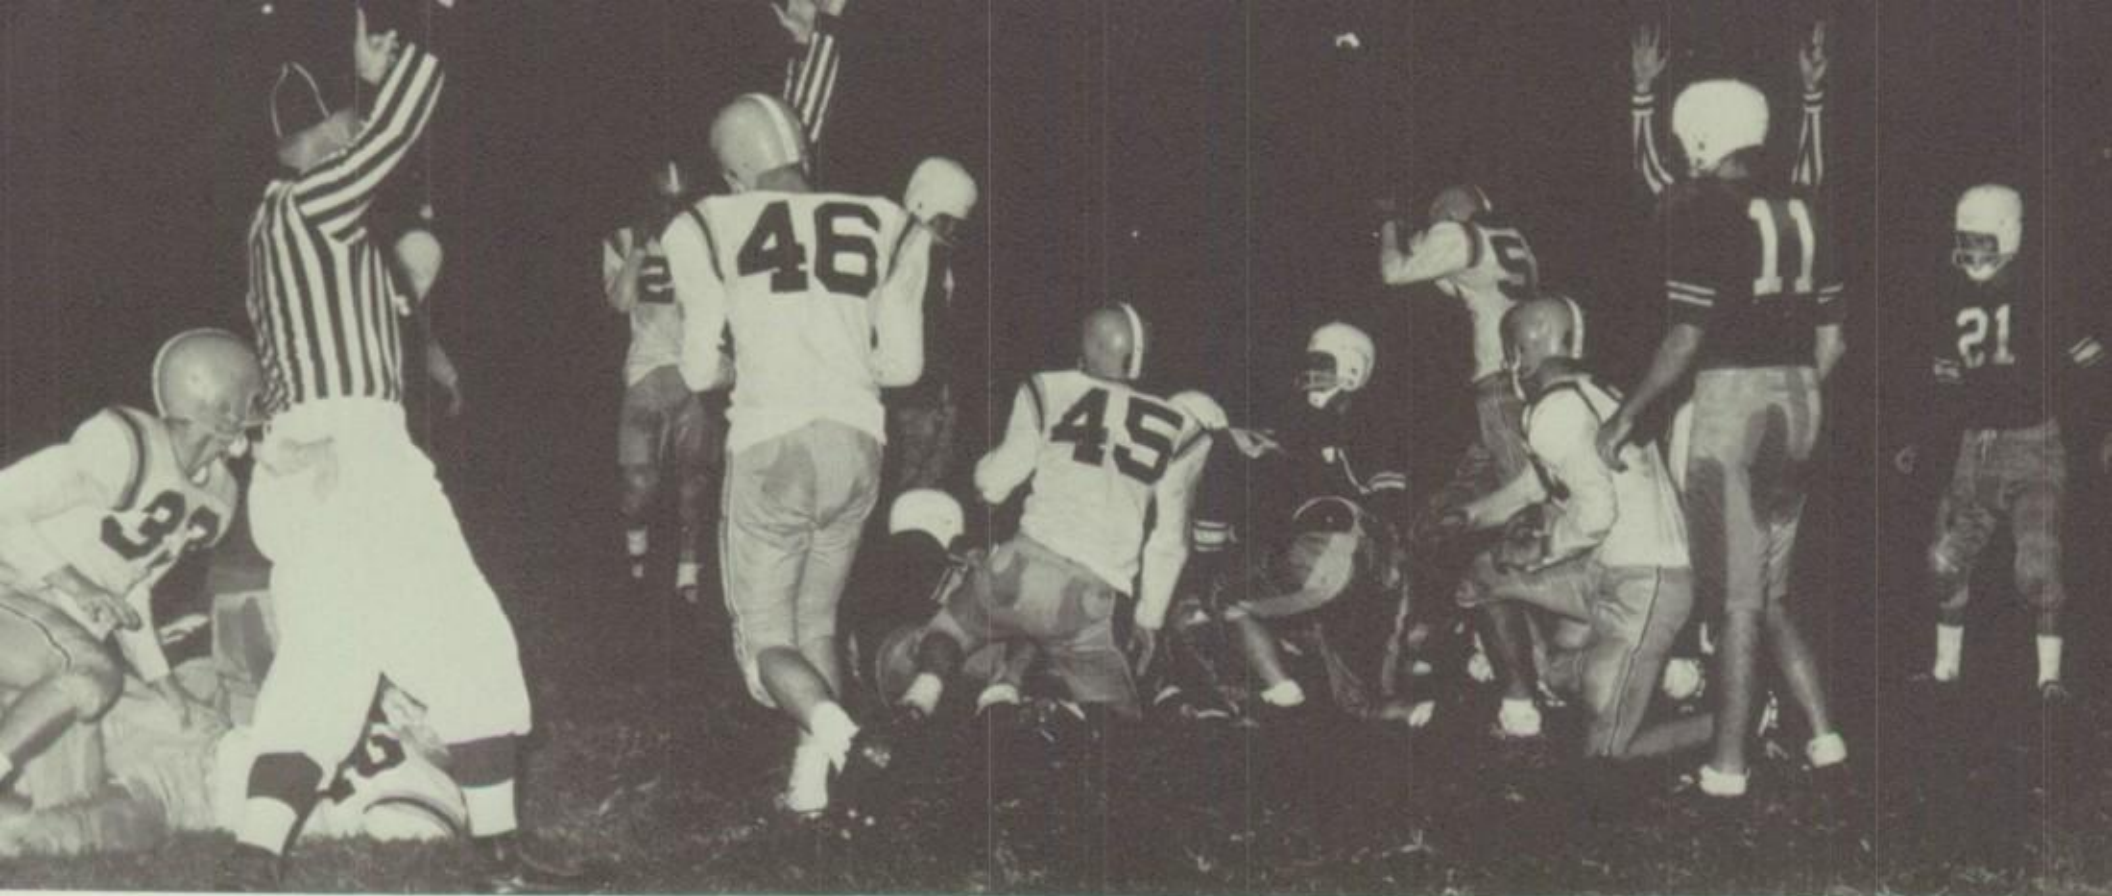

This loss undoubtedly affected the Buffs as they dropped their next three games to East, Derby and North. Any hopes of a city-league title were lost by losses to East and North. The Buffaloes came out of their slump dealing the South High Colonels a 25-0 defeat. The Golden Buffs finished the season with 5 wins and 4 defeats.

Coach Marvin Vandaveer, summing up the season, expressed the team's and coaching staff's disappointment to the student body for some of the close defeats suffered by the Buffs. He explained that this was one of the most unfortunate teams he has ever coached.

Mike Fugitt, senior guard, was selected for top honors on the All-City football team.

The Buff runners, facing stiff competition all season, didn't take first in any of the invitational meets during the year. The four lettermen were seniors, Ron Kresge, Don Aycock, and Tex Fischer along with junior, Scott Taylor.

Wrestlers Eighth in State

Southeast wrestlers, coached by Ray Romero, finished eighth in the state tournament to climax a fine season. Leading the wrestling team was Buck Oliphant. He was undefeated until the state tournament but took a second place in the 165 pound class. Phil Zongker took third in the 185 pound class.

Besides wrestling everyday, the grapplers ran two or three miles a day and lifted weights. This extra work was one reason for the teams' fine success.

Bufs Post Best Season

The hustling cagers from Southeast chalked up the finest record in the school's cage history during the 1960-61 basketball campaign. Under a new head coach and new style of play the Bufs won 12 and lost 10 and finished third in City League competition.

The highlight of the season was the Bufs' thrilling 51-49 victory over East at the Fieldhouse. The Bufs also gave city champion North a scare before bowing to the Redskins in the fourth quarter. Another memorable game was the one played against Derby in the Regional Tournament, which Southeast lost in a sudden death overtime. Senior guard, John Woolf received All-City honors.

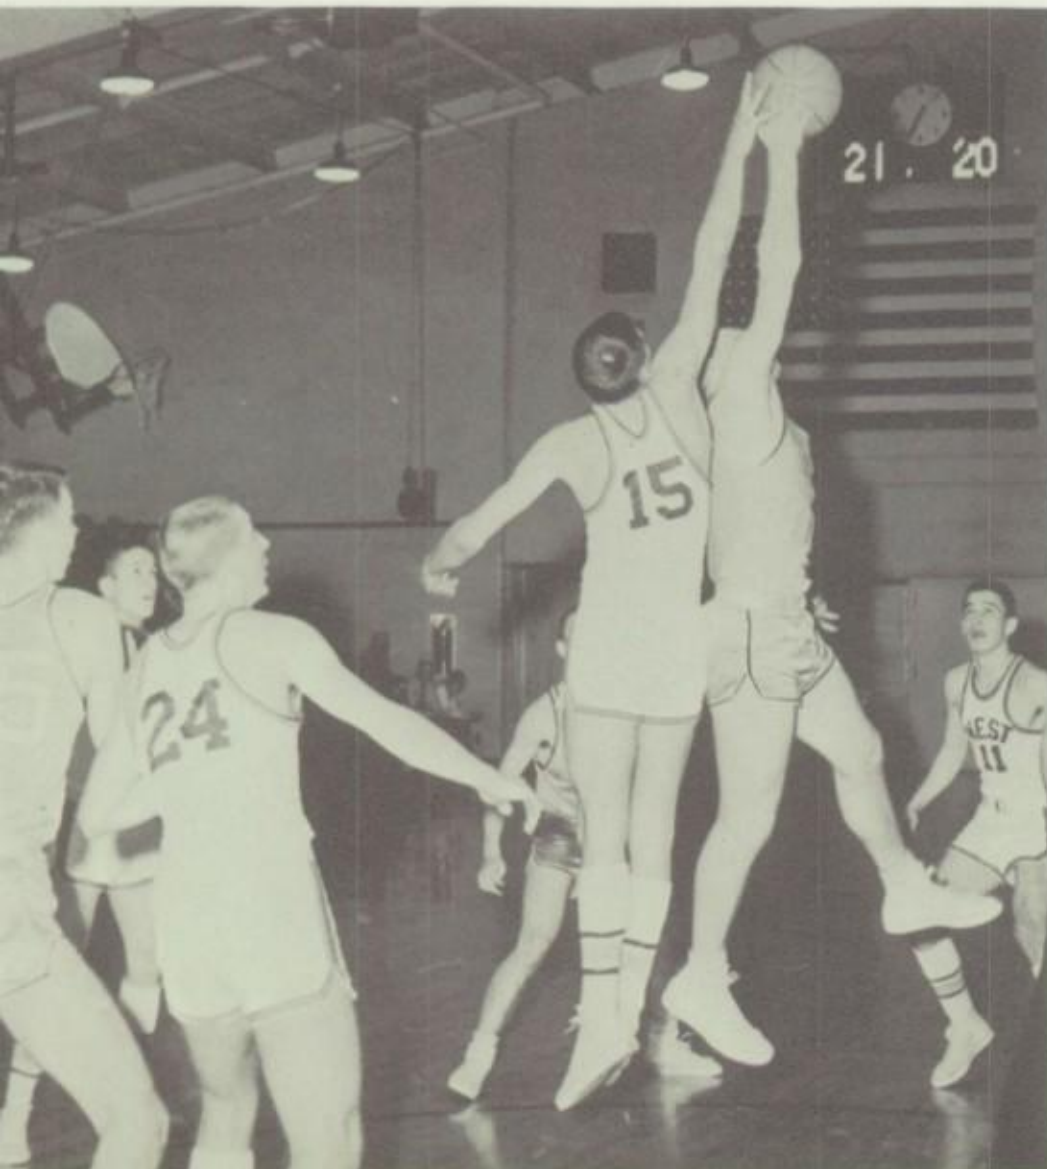

The Basketball Squad Members for 1961 are, front row, from left: Criss, Chatley, McNaught, Hardy, Panton, Scott, Woolf, Davis, Warner, and Bird. Ann:

The final day is almost here and I can hardly wait. I guess that I could almost write a book on all the good times we have had. The many drives down Douglas, Griff's and the other unmentionable places and things we have done. I don't know of a person that I have enjoyed knowing and running around with more than you.

I hope that you and Steve will be going together for a long time. You are a person that deserves the best, and I think Steve is it.

God Bless you always.

Dear Ann—

Everyone acts like graduation is kind of the end of everything but it's really just the beginning of almost everything in life. I'm sure your future will hold many cherished moments, you truly deserve them.

You've really been a very good friend and I'm proud I can consider you one.

You're a very outstanding girl in your looks, personality and character. I sincerely hope time and space don't keep you and I, or any of us apart. I'll always think of you as a good friend—like Ann Lynam with her squeaks and bounces. I wish the very best for you.

Ann —

This is dedicated to a person who I can truly say has become one of my best friends. There are in this world few people I don't like but, there are even fewer people I love. I have learned that true friends are the dearest things one can possess for they are always there when you need them. So to you Ann, who are one of these people may God bless you and I thank you from the bottom of my heart.

I think so much of Steve and feel he knows how lucky he is to get you. You have beauty Ann the movie star type, a vivacious personality but always a kindness towards others which makes them respect you. Sure I will never pass you by for your type of person I will not let it do so.

In the future I pray you will think of me once in a while and that you will come to see me even after you are married and are a little mother.

God bless and keep you Sweetheart!

Love always,
Elisa
